Stable Diffusion

Integrated, dedicated,
social media platform

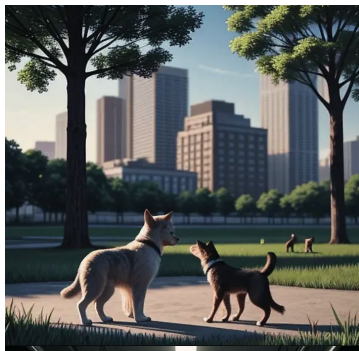

**“Astronaut in outer
space eating ice
cream, colorful,
photorealistic with
real images.”**

Prompt #1:

Dogs and cats playing together in a city park.
Photorealistic, high detail.

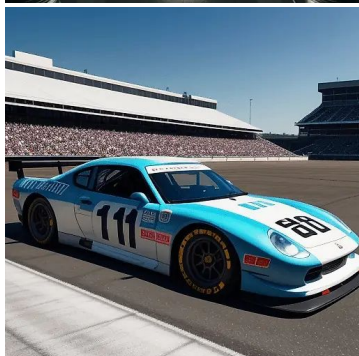

Prompt #2:

A top secret science laboratory with many experiments going on, beakers, tubes, pipes, burners, things boiling and a weird animal in a cage. Old fashioned cartoon style.

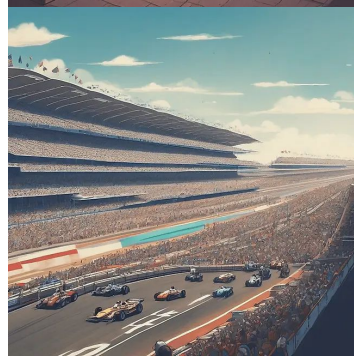

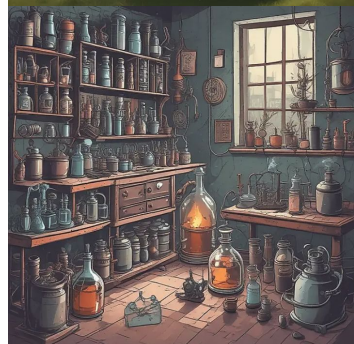

Prompt #3:

A huge race track with many different kinds of race cars. Blue sky, people watching and cheering in the stands.

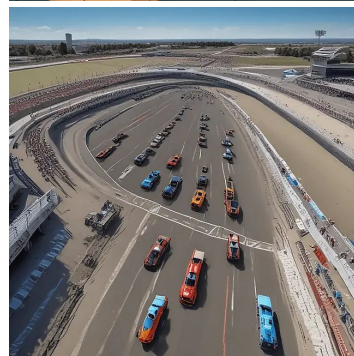

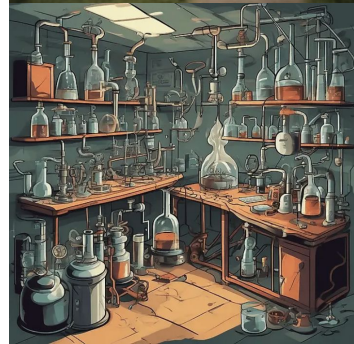

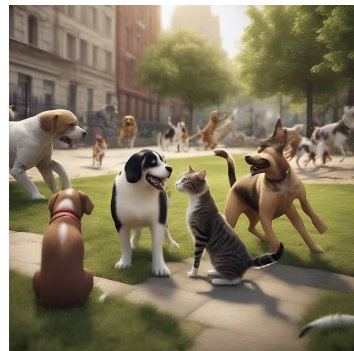

Dream Shaper

SDXL Lightning

Stable Diffusion

X Grok

Prompt #1:

Dogs and cats playing together in a city park.
Photorealistic, high detail.

Prompt #2:

A top secret science laboratory with many experiments going on, beakers, tubes, pipes, burners, things boiling and a weird animal in a cage. Old fashioned cartoon style.

Prompt #3:

A huge race track with many different kinds of race cars. Blue sky, people watching and cheering in the stands.

Midjourney

Prompt #1:

Dogs and cats playing together in a city park.
Photorealistic, high detail.

Prompt #2:

A top secret science laboratory with many experiments going on, beakers, tubes, pipes, burners, things boiling and a weird animal in a cage. Old fashioned cartoon style.

Prompt #3:

A huge race track with many different kinds of race cars. Blue sky, people watching and cheering in the stands.

Prompt #1:

Stable Diffusion vs. DALL-E 3: Which image generator is better? [2024]

By Harry Guinness · April 17, 2024

Stable Diffusion and DALL-E 3 are two of the [best AI image generation models](#) available right now—and they work in much the same way. Both models were trained on millions [or billions](#) of text-image pairs. This allows them to comprehend concepts like dogs, deerstalker hats, and dark moody lighting, and it's how they

Others
